MILLINERY OF THE HOUR

New Arrivals in New York Millinery

We received by express yesterday, and now have on display, some charming modes in new millinery. These were personally selected by Mrs. Johnson, who is now in New York. It is hardly necessary to add that Mrs. Johnson's taste in millinery is so certain that no one will be disappointed who comes to see this special showing. In this special shipment are various styles in Milan straw. Included are the new satin straw braids in various shapes. Knox style sailors are also included, so are genuine Panama hats, which will be among the favorites of the season. In addition to the new hats already received, this special selection by Mrs. Johnson now gives us a showing far in advance of anything to be seen locally.

SPECIAL NOTE—We will display tomorrow, for the first time, the close fitting styles or "Aeroplane" hats and the new "Wireless" or semi-collapsible hats in straw.

Handsome Hat Pins

We have just received, and will display tomorrow, all the new ideas in hat pins. It is impossible to describe these in detail, but to give you an idea of the variety we mention that prices range from 25c to \$10.00.

Preserve Your Old Fashioned Fotograf

Almost every family has a daguerreotype or an old fashioned fotograf that is almost priceless. It is possible this is beginning to fade and lose its pristine clearness.

Our experience in copying and restoring old fotograf, daguerreotypes, ambrotypes, etc., is such that you can be assured of absolute satisfaction. Our price for this class of work is most reasonable. Bring in your old fashioned fotograf and let us talk the matter over.
